INTELLECTUAL PROPERTY & TRADEMARK PROTECTION

OSMANLI ALTIN COIN® (OAC) represents an independent cryptocurrency project with its own distinctive identity, branding and original coin design.

The project name, brand identity and coin design are the subject of intellectual property filings with the European Union Intellectual Property Office (EUIPO).

All applicable intellectual property rights are reserved. Unauthorized reproduction, distribution or commercial use of protected brand elements is prohibited without prior written authorization.

ABOUT OSMANLI ALTIN COIN®

OSMANLI ALTIN COIN® (OAC) is a native Proof-of-Work (PoW) cryptocurrency operating on its own independent blockchain.

Built upon the principles of decentralization, transparency, security and digital independence, OAC represents a long-term vision for an independent Turkish cryptocurrency ecosystem.

Unlike assets issued on third-party blockchain networks, OAC operates through its own blockchain infrastructure, consensus mechanism and network protocol.

The project is continuously developed and improved with a strong focus on network stability, security and technological sustainability.

IMPORTANT DISCLAIMER & RISK NOTICE

OSMANLI ALTIN COIN® is an independent digital cryptocurrency project. Despite its gold-inspired name and visual identity, OAC is not backed by physical gold, does not represent ownership of gold reserves and does not guarantee any fixed monetary value.

Cryptocurrency transactions and digital asset ownership involve inherent technological, financial and security risks.

Users are solely responsible for securely storing their private keys, recovery phrases and wallet credentials. Losing access to this information may result in the permanent and irreversible loss of coins.

Although the development team continuously works to improve network reliability and security, uninterrupted network operation and complete protection against technical vulnerabilities or cyberattacks cannot be guaranteed.

To the extent permitted by applicable law, the project team assumes no liability for losses resulting from unauthorized wallet access, compromised credentials, user errors or circumstances beyond its reasonable control.

Information published on this website is provided for general informational purposes only and does not constitute financial, legal or investment advice.

OSMANLI ALTIN COIN®

INDEPENDENCE. SECURITY. INNOVATION.
